Topic:

Changing Social Work through Participation and Service User Involvement

/soziales

ifh
st. pölten

- “How can social work be supported by the knowledge of lived experience to rethink its own professional standards and values?”
- During the IUW we will explore the possibilities of working with peer experts to create better services and transform the logic of institutionalized support to meet the needs of vulnerable individuals in society. We will discuss the role of peers in social work practice and share experiences with peer education, peer-led services and/or peer involvement in social work education. We will challenge the concept of participation from different perspectives.

Your Contribution...

- We cordially invite you to our IUW! Your contribution to our program should correspond to some of the highlighted aspects on the topic of our IUW as listed above.

Format of your submission;

- a) Keynote (20 minutes followed by a discussion)
- b) Workshop (90 minutes)
- c) Creative input (Video presentation, theatre, action - please be specific about the required setting and duration of your input]

Please send a short abstract with selected format, title and name of contributors to astbasoi@fhstp.ac.at by 10th of December 2024.

This abstract will be published on our IUW website.

Overview

- Online: 17.03.25 Introduction and get to know the groups

30.03.25	31.03.25	01.04.25	02.04.25	03.04.25	04.04.25
